

Applicant: Kari Raisanen et al.  
Application No.: 10/597,915  
Response to Office action mailed  
Response filed February 8, 2011

**Remarks**

Claims 33–65 remain pending in the application. In the Office action dated Feb. 4, 2011, the claims were rejected on the grounds of nonstatutory obviousness-type double patenting over US App. No. 10/597,940 (now US Pat. No. 7,608,165), but were indicated as being allowable upon submission of a satisfactory Terminal Disclaimer.

A Terminal Disclaimer is submitted herewith which addresses the objections raised. It is submitted that as the required fee was submitted with the original filing no additional fee is now required. If this is not the case, the Office is invited to charge the above Deposit Account.

Applicant submits that the application is now in condition for allowance. Favorable action thereon is respectfully solicited.

Respectfully submitted,

---
